SURFACE PROTECTION AND SAFETY PRODUCTS
FOR INTERIOR CONSTRUCTION

Product Catalog

2026

New & Improved

At TireSocks our goal is to solve problems to make life on the jobsite safer and easier. In this catalog you'll discover innovative products, expanded safety solutions, and smarter tools to make your work easier and more efficient. From new Spill Containment, Fall Protection, Lockout/Tagout, and Hi-Vis PPE lines to improved DropShields® and ForkSocks®, every line was designed with you in mind.

DropShields®

See pages 56 - 57

Avoid injuries on the ground by reducing falling object hazards in the air.

Fall Protection

See page 60

Keep crews safe & compliant with durable, ANSI-rated gear designed for comfort and efficiency.

Same day shipping on all stock products.

Spill Containment

See page 61

High-performance asorbents & containment products keep your jobsite clean and compliant.

Lockout / Tagout

See page 64

Ensure safety and OSHA compliance by preventing accidental equipment startup during maintenance.

Hi-Vis PPE

See page 65

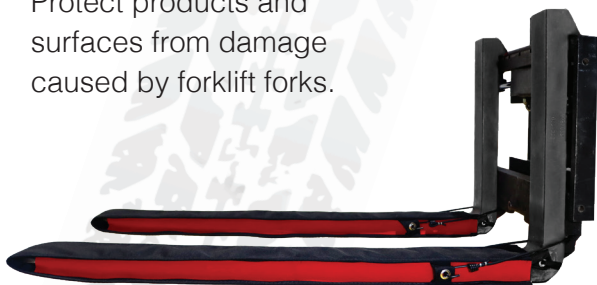

Enhance worker visibility and safety in any jobsite condition.

Improved ForkSocks

See pages 62 - 63

Protect products and surfaces from damage caused by forklift forks.

AutoTuff

See page 70

Tough, smart solutions that simplify life by keeping your vehicle and workspace clean, organized, and ready for anything.

TireSocks, Inc. The leader in Surface Protection & Safety Products for Interior Construction

TireSocks®

TireSocks are used to protect finished flooring from scuff marks caused by rubber tires, as well as residue from non-marking tires. TireSocks are constructed using heavy-duty fabrics and can be made to fit any size tire. TireSocks have several advantages over similar products currently on the market. They are easy to install, won't slip off the tires, and self-center as you drive.

Options & Upgrades

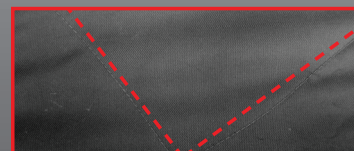

Custom Logo

Customize TireSocks with your company logo at NO ADDITIONAL CHARGE* Custom logos offer a unique branding opportunity that will set your equipment apart from the rest! In addition, the extra job site exposure gained is a valuable marketing tool.

**One time set up fee*

Heavy-Duty Option

Heavy-duty TireSocks include an extra layer of reinforced fabric and a patch over the seam for additional durability. The HD option is recommended for projects lasting two or more weeks, tires over 30" tall, or simply to extend the life of your TireSocks.

DripDiapers®

Stop wasting time with plastic and duct tape! DripDiapers are a cost-effective solution for protecting finished flooring from fluid leaks. A heavy-duty absorptive pad in the center of each DripDiaper collects fluid that may leak from the chassis of equipment. DripDiapers are available in 7 standard sizes that can be customized to fit any piece of equipment, allowing you to stock just a few part numbers. Every DripDiaper includes an install kit with adjustable bungee assemblies and magnetic attachment points to make installation a breeze.

DropShields®

Prevent dropped-object incidents with lightweight mesh covers for boom baskets and scissor-lift platforms. The high-visibility red bottom makes platform edges obvious, while engineered mesh preserves sightlines and allows airflow. Strong enough to stop drills and hammers and tightly woven to retain small parts like nuts and bolts. DropShields are flame-retardant to meet site requirements. Installs in minutes and stays secure. Keep tools inside the platform, reduce injuries and downtime, and elevate jobsite safety—without sacrificing visibility or performance.

Flame Retardant

AerialShields®

AerialShields are a cost-effective solution designed to shield your equipment from overspray, spills and splatters. This product is ideal for painting and drywall projects and is easy to install! AerialShields feature a hook & loop seal surrounding the machine's entry point along with a removable door. These two features make entry and exit possible without removing the shield. A bungee base secures the AerialShield to the bottom of the platform. The product's design also allows coverage for platform extensions.

Go ahead... Work your socks off!

AerialJackets®

AerialJackets protect scissor lifts, control boxes and boom baskets from the elements, dust and debris. Constructed of heavy-duty, water-resistant material, our covers will keep your equipment looking great and protect your controls from damage. Products are easy to install and include a retractable lock to prevent unwanted use and theft. AerialJackets are constructed to allow easy access to controls and charging ports without removing the cover. Add your full color logo to create a unique marketing opportunity and always stand out on the job site.

Anti-Theft

AerialJackets include a retractable lock to keep covers secure and tamper-proof

Fall Protection

Keep crews compliant, safe, and focused with gear built for real jobsites. Choose from compact SRLs, energy-absorbing lanyards, anchors, and 3-point or 5-point full-body harnesses. Every component meets applicable ANSI standards and is engineered for durability, comfort, and fast, tangle-free donning. The result is confident workers, less downtime, and fewer injuries—so your projects stay on schedule.

Fall Protection

Anchors

Heavy-duty anchors that provide secure tie-off points for fall protection systems, meeting ANSI safety standards.

Available options: Removable, Adjustable, or Choker Style

Self-Retracting Lifelines - SRLs

Compact self-retracting lifelines that reduce fall impact and provide safety without restricting worker mobility.

Harnesses

Full-body harnesses available in 3-point or 5-point designed for safety and comfort during high-risk work at heights, with adjustable features for a secure fit.

Available sizes:
S/M, M/L, L/XL,
and 2XL/3XL.

Lanyards

Shock-absorbing lanyards that provide reliable fall protection while allowing workers to move freely across the job site.

Same day shipping on all stock products.

Spill Containment

Stop leaks before they become downtime. Our lineup of absorbents, berms, and ready-to-go kits helps you capture, divert, and dispose of fluids safely. Stock oil-only, universal, or hazmat pads/rolls; deploy L-Bracket or foam-wall FRAC berms for equipment, fueling, and wash-down areas; and equip trucks, lifts, and shops with forklift spill kits, including hazmat and acid neutralizer options. Components are chemical-resistant, reusable where appropriate, and sized for common machines and facilities. Protect finished surfaces and meet environmental best practices with organized, easy-to-restock supplies that keeps response gear ready.

Bracket Berms

Compact spill containment berms that attach easily to equipment legs or brackets for leak prevention at the source.

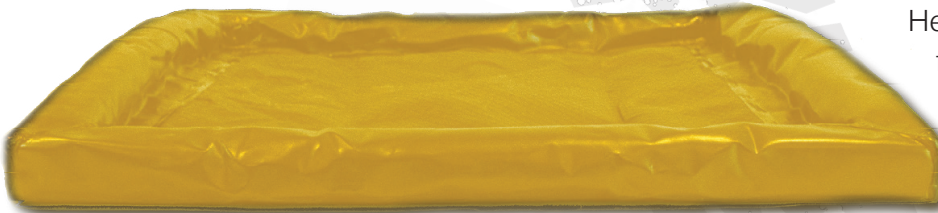

Spill Containment

FRAC Foam Wall Berms

Heavy-duty foam wall berms designed for large-scale spill containment and high-volume equipment setups.

Spill-Kits

Ready-to-deploy kits that contain absorbents, PPE, and cleanup tools for fast, effective spill response on any job site.

Available options:
Oil-Only, Universal,
or Hazmat

ForkSocks®

A warehouse essential—made from heavy-duty material with vertical stretch sides to fit various tapers and thicknesses. Redesigned with a more secure fork tip pocket, $\frac{3}{4}$ " webbing strap with D-rings, and optional bungee for versatile attachment. Improved manufacturing reduces seam wear for a longer life while providing full coverage protection against punctures, scratches, & marks.

Standard

Available options:
Vinyl or Heavy-Duty top finish

D-Ring for easy
installation
& a secure fit

Heavy-Duty

HD ForkSocks are built for demanding applications, offering two rugged options that deliver superior performance.

Choose from **Vinyl or Ballistic** top finishes—each designed to provide enhanced grip or reduced friction (depending on your load) with an added layer of rugged material for extended wear protection.

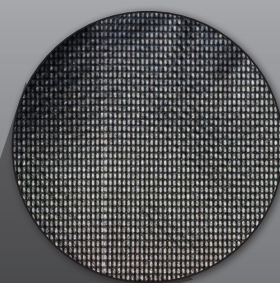

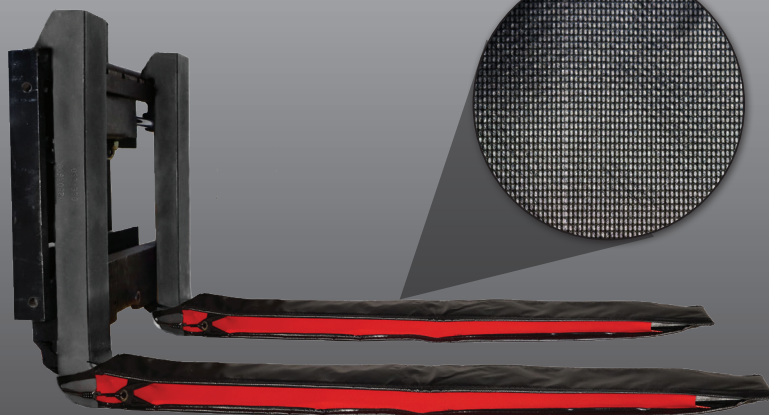

Available options:
Vinyl or Heavy-Duty
Ballistic top finish

Options & Upgrades

Slip Resistant Mesh

Upgrade your ForkSocks with slip resistant mesh for added grip and stability. Available to help prevent product or material movement during lifting or transport.

Focus on your projects. Let us worry about the fit!

TineGuards

Like ForkSocks, but with more targeted protection where it's needed most—on the fork tip and top surface. Constructed from durable, heavy-duty material, they prevent punctures, gouges, and other damage to materials and finished products. A smart, reliable solution for extending fork life and maintaining product quality.

Lockout / Tagout - LOTO

Make hazardous energy control simple, consistent, and audit-ready. Rugged padlocks, hasps, cable lockouts, lock boxes, wall-mount stations, and compact field kits cover electrical, hydraulic, and pneumatic procedures on mixed fleets—including valves, breakers, plugs, panels, and irregular devices. Choose keyed-different or keyed-alike to fit your program. High-visibility, write-on Tuff Tags and color-coded devices speed identification and documentation. Everything stays organized and ready for deployment, helping teams implement, verify, and sustain compliant procedures.

Hi-Vis PPE

Be seen and stay comfortable in any condition. Our ANSI/ISEA 107-2020-rated vests, shirts, jackets, sweatshirts, and rainwear provide 360° visibility with 2" reflective tape. Choose lightweight summer or insulated winter options. Breathable, weather-resistant fabrics with reinforced seams stand up to daily use, while practical details—multiple pockets, mic tabs, adjustable cuffs—keep essentials close. Available in various Class configurations. Add your full-color logo for a consistent, professional look.

Safety Vests

Durable and comfortable safety vests in high-visibility colors to ensure visibility and safety on construction sites.

Available sizes:
Small, Medium, Large, XL,
2XL, 3XL, 4XL, and 5XL

Hoodies

ANSI-compliant hooded sweatshirts designed for warmth, visibility, and durability in cool weather.

Available sizes:
Medium, Large, XL,
2XL, 3XL, and 4XL.

Jackets

Water-resistant and insulated jackets in hi-vis colors that keep workers warm, dry, and seen in low-light conditions.

Available sizes:
Medium, Large,
XL, 2XL, 3XL,
and 4XL.

FoldOut®

FoldOut aerial-lift accessories that organize tools without sacrificing platform or storage space. The lightweight, durable lineup—SafetyKone, CornerCaddy, ToolTrough, and PipeRack—deploys in seconds and stows slim to keep crews moving between tasks. Rigid, water- and weather-resistant construction handles daily abuse, while the low-profile fold slides behind seats, onto service carts, or into gang boxes. Optimize space, cut clutter, and work safer—then fold it away.
